IPM Foliar Spray

Formula 1 IPM FOLIAR SPRAY implements multiple mechanisms to fight pest and mold infestations. This proprietary formula contains an array of active ingredients designed to coat the exterior of pests and mold preventing respiration. Formula 1 IPM FOLIAR SPRAY also disrupts the feeding process of pests as well as compromises their reproductive cycle.

Formula 1 Foliar contains a diverse blend of pest and mold neutralizing ingredients as well as antioxidants and vitamins that revitalize the natural defense mechanisms of the plant as well as aid in overall growth.

Key Benefits

- 25b, FIFRA, CDA approved ingredients
- Food grade
- Non-systemic
- Leaves no residue on plant leaves
- Safe to use with all growing methods
- Targets both pests and mold
- For preventative applications and major fungal/pest infestations
- Smells great
- Safe to use during vegetative and flowering phases
- PH balanced, safe to use in all growing methods
- Can be watered along with your typical nutrient regime

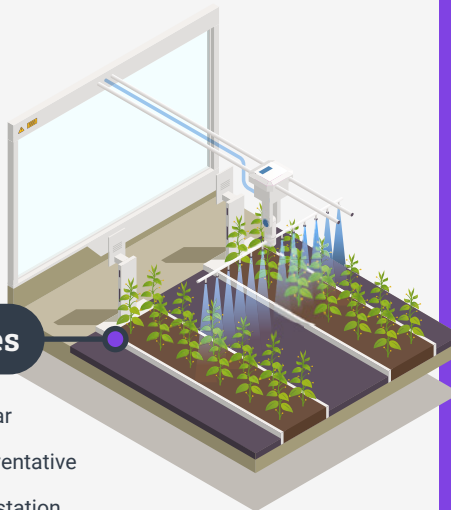

Mixing Compatibility

Formula 1 IPM FOLIAR SPRAY is a super concentrated pest/mold product. For IPM management apply Formula 1 IPM Foliar at 1 oz /gal. For pest or mold outbreaks apply at 2 oz / gal. Always test first at a low concentration on a small test plot.

Recommended application rate

1-2 ounces

- 1-2 ounces — Foliar
- 1x per week — Preventative
- 2x per week — Infestation
- 3x per week — Heavy Infestation

Different Applications

- Indoor Cultivations
- Greenhouse
- Outdoor Cultivations
- Nurseries

Composition (%w/w)

Active Ingredients	10.5 %
Citric Acid	1.0 %

Formula 1 IPM Foliar Spray Usage

It targets and repels Spider mites, Fungus gnats, White flies, Aphids, Thrips, Caterpillars and Powdery mildew! Treats fungal disease by eliminating on contact species of Erysiphales fungi and other powdery mildew pathogens.

It contains antioxidants and vitamins that revitalize the natural defense mechanisms of the plant as well as aid in overall plant growth.

Alternating treatments of Formula 1 IPM Foliar Formula 1 IPM Root Drench provides the ideal rotation for your IPM (Integrated pest management) foliar applications. Ensure that you always pass state testing requirements with a healthy-clean crop by applying weekly foliar applications of Formula 1 IPM Foliar.

FORMULA 1 IPM FOLIAR SPRAY has minimal impact on a substrate's beneficial microbiology. The botanical extracts and essential oils are all food grade GRAS materials (generally recognized as safe by the FDA when used as listed on the label).

ECO FRIENDLY PRODUCT

FORMULA 1 IPM FOLIAR SPRAY is fully biodegradable, and non-toxic to animals. THIS PRODUCT IS EXEMPT FROM EPA REGISTRATION UNDER FIFRA 25(b). THIS PRODUCT IS A MINIMUM RISK PESTICIDE creating the least impact on the environment. FORMULA 1 IPM FOLIAR SPRAY can be used on a wide variety of plants, fruits, and vegetables.

This product has not been registered by the United States Environmental Protection Agency. Dutch Direct acknowledges that this product qualifies for exemption from registration under the Federal Insecticide, Fungicide and Rodenticide Act FIFRA 25(b)
